# VISIONARY & PASSIONATE.

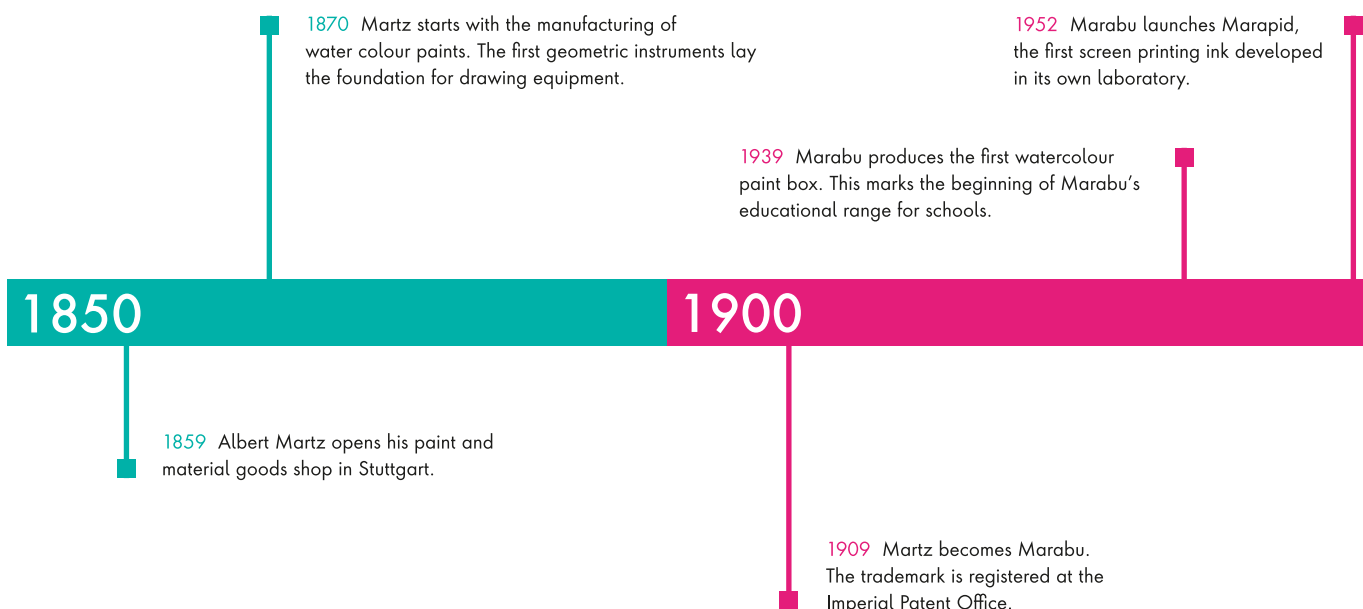

## COLORS MADE FOR LIFE

At Marabu, we see color not just as a product, but as a source of inspiration and a medium for creativity. Since our founding more than 160 years ago, we have been moving forward with a vision as a family business, promising our customers impeccable quality.

In our company, every voice and every heart counts. More than 500 employees around the world are passionate about new ideas, making the Marabu Group a pioneer in screen printing, pad printing, digital printing and creative colors with an annual turnover in the three-digit million euro range.

United by shared values - such as sustainability, innovation and customer focus - it is our employees who shape the Marabu success story with responsibility, passion and fun.

We are proud to give artists and creatives of all kinds the opportunity to realise their own visions and bring them to life with our product range.

WE WANT TO  
INSPIRE PEOPLE TO  
CREATE SOMETHING  
UNIQUE. WITH IDEAS,  
ENTHUSIASM AND  
AN EYE FOR DETAIL.

York Boeder, CEO

**1971** Marabu is entering the hobby and leisure segment, which will become very important for the company in the long term.

**2004** The new Creative Colours plant opens in Bietigheim-Bissingen. The plant is designed to the latest environmental, technical and employee-friendly standards.

**1999** Boom years for window colors: Marabu fun & fancy window color dominates the market for several years.

**2016** Marabu Creative Colors is launched in the USA.

**2022** Launch of GREEN paint. First water-based alkyl paint based on vegetable oil with 92% raw materials of natural origin.

**2023** Marabu joins the Baden-Württemberg Climate Alliance with a commitment to reduce CO<sub>2</sub> emissions by a further 20 % within 10 years.

## 2000

**1959** In the company's 100th year Marabu launches the elastic mounting adhesive Fixogum to the market - an innovation and core product.

**1995** Marabu has been certified to ISO 9001 since 1995 and to ISO 14001 since 2003. Marabu has been committed to the Responsible Care® initiative since 1998. In 2011, Marabu received the SGIA Sustainability Award.

**2009** Marabu celebrates its 150th anniversary.

**2021** With PROJECT GREEN, the Marabu climate strategy is launched with the aim of sustainably reducing CO<sub>2</sub> emissions.

**2019** Marabu launches its first screen printing ink for the creative end-user.

# VERSATILE & INNOVATIVE.

## MARABU CREATIVE COLORS

With high quality acrylic paints such as Artist Acrylic or YONO Marker and speciality paints such as Alcohol Ink or Aqua Pen, our range of artist paints appeals to the artist's soul. The versatile DIY range inspires creative people to experiment with color and transform porcelain, glass, textiles and more into unique pieces.

Whether in specialist shops, chain stores or e-commerce, customers and consumers trust the Marabu brand. With strong marketing concepts, Marabu leads its partners to success in all sales channels. Lively workshops and innovative marketing concepts in the media and at the point of sale create a fascination for our high-quality and diverse range.

We build lasting relationships with our partners, work solution-oriented and focus on our customers' needs. Inspiring and high quality products ensure mutual success.

# POWERFUL & RELIABLE.

## MADE IN GERMANY

Marabu is committed to Germany as a production location. With a long-term investment program we are making the company fit for the future and are committed to quality „Made in Germany“.

As an innovation leader, Marabu combines development with forward-looking ideas. 20% of our employees work in research to continuously develop our printing and creative colors.

Our production meets the highest standards and is based on the many years of experience of our employees. We use state-of-the-art resources such as artificial intelligence, advanced measuring equipment and new quality assurance processes.

From our logistics center, our paints reach artists, creatives and children around the world. We reliably meet our customers' supply chain requirements.

# SUSTAINABLE & SAFE.

PRODUCING WORLD-CLASS PRODUCTS WHILE MINIMIZING ENVIRONMENTAL IMPACT AND CONSERVING RESOURCES - THAT'S WHAT WE WORK TOWARDS EVERY DAY.

Look out for FSC™ certified products.

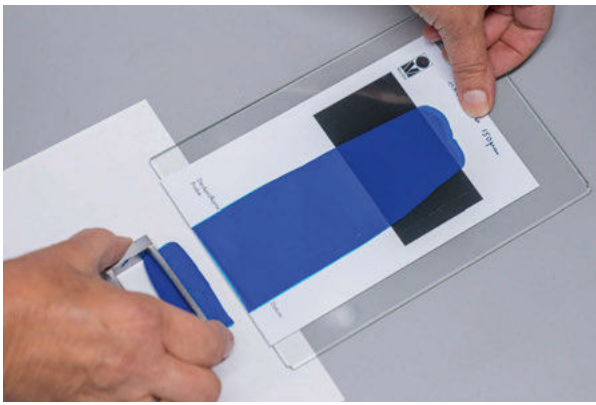

# PROMISE OF A CREATIVE FUTURE

Our planet is a place full of art and creativity, and we want it to remain so for this and many future generations. At Marabu, we care deeply about this goal and are committed to being at the forefront of the green economy and taking responsibility.

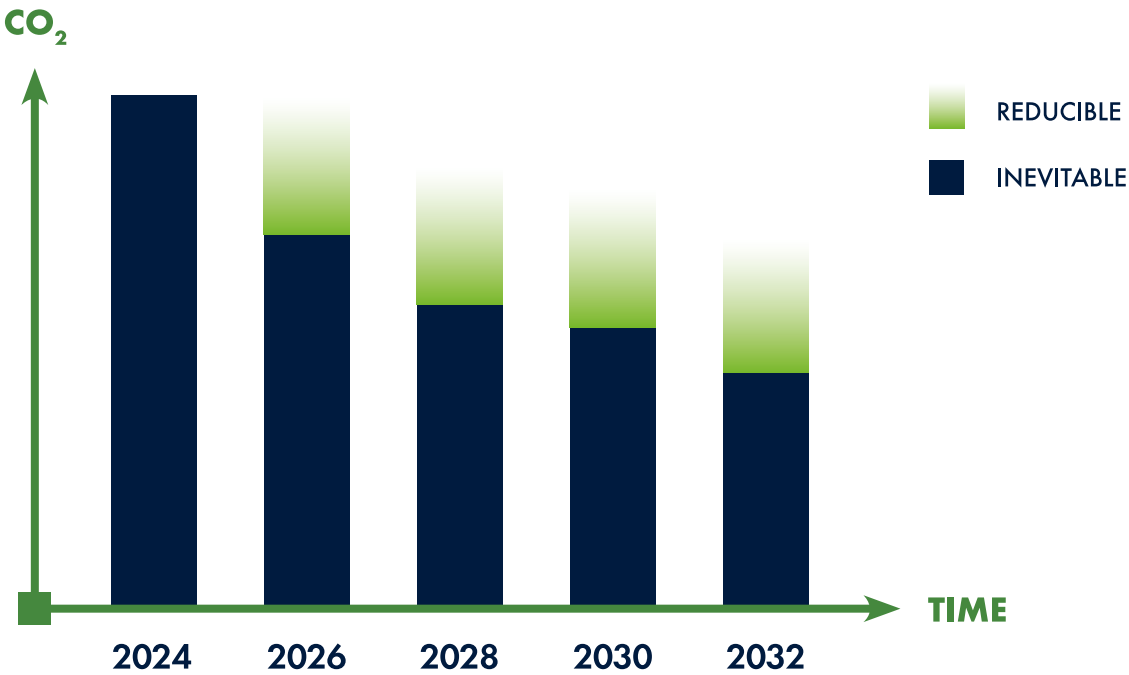

Through constant internal and external monitoring, we ensure that our products meet the highest standards in production and beyond.

Our products meet the highest standards and ensure the safety of everyone involved - from the employee to the retailer to the user. By using environmentally friendly materials, energy-saving programs and resource-efficient production methods, we reduce our impact on the environment and continue to reduce our carbon footprint. As part of our ambitious climate change strategy, we are committed to reducing our emissions by a further 20 % over the next 10 years.

Joining the  
Baden-Württemberg Climate Alliance:

Commitment to  
reduce further  
20 % CO<sub>2</sub> emissions  
by 2032

## BOUNDLESS CREATIVITY

Marabu provides the tools for unlimited design and creation. Our diverse range of colours, tools and ideas brings art and creativity to life in all its nuances.

As a market leader with a long tradition, we have been identifying trends and translating them into innovative products for generations. Always with the aim of being more than just a supplier of colour, but an active participant in creative projects as a mentor and source of ideas.

From individual tubes to complete kits, we offer artists, creatives and children everything they need to bring their ideas to life. Ambitious artists and hobbyists will find professional custom products, inspiration and valuable resources. Our KiDS products are specially designed for little artists' hands and are easy for parents to use.

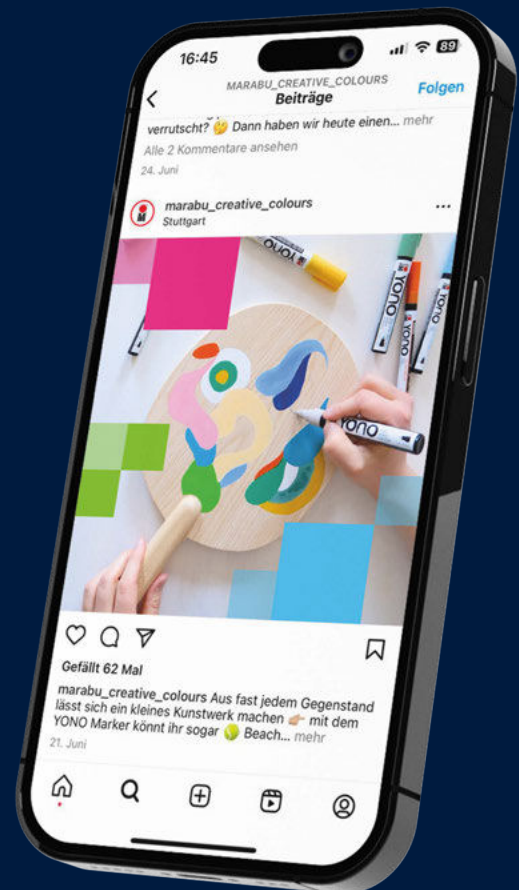

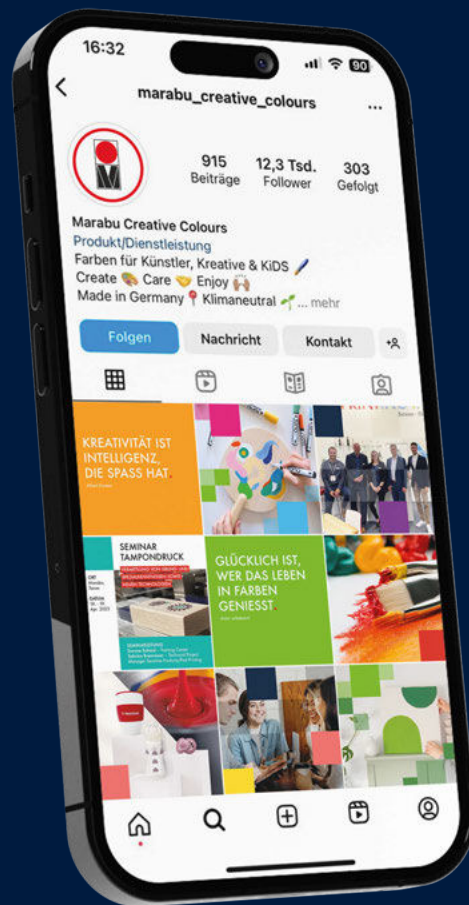

# STRONG SELLING AND IRRESISTIBLE.

## 360° COMMUNICATION

As a strong, internationally recognized premium brand, it is Marabu's job to be an example of creativity and to communicate this to the outside world. With our young, innovative team, we create the most progressive marketing in the industry.

From our website to Instagram and TikTok, we create unique content for our community and creators around the world.

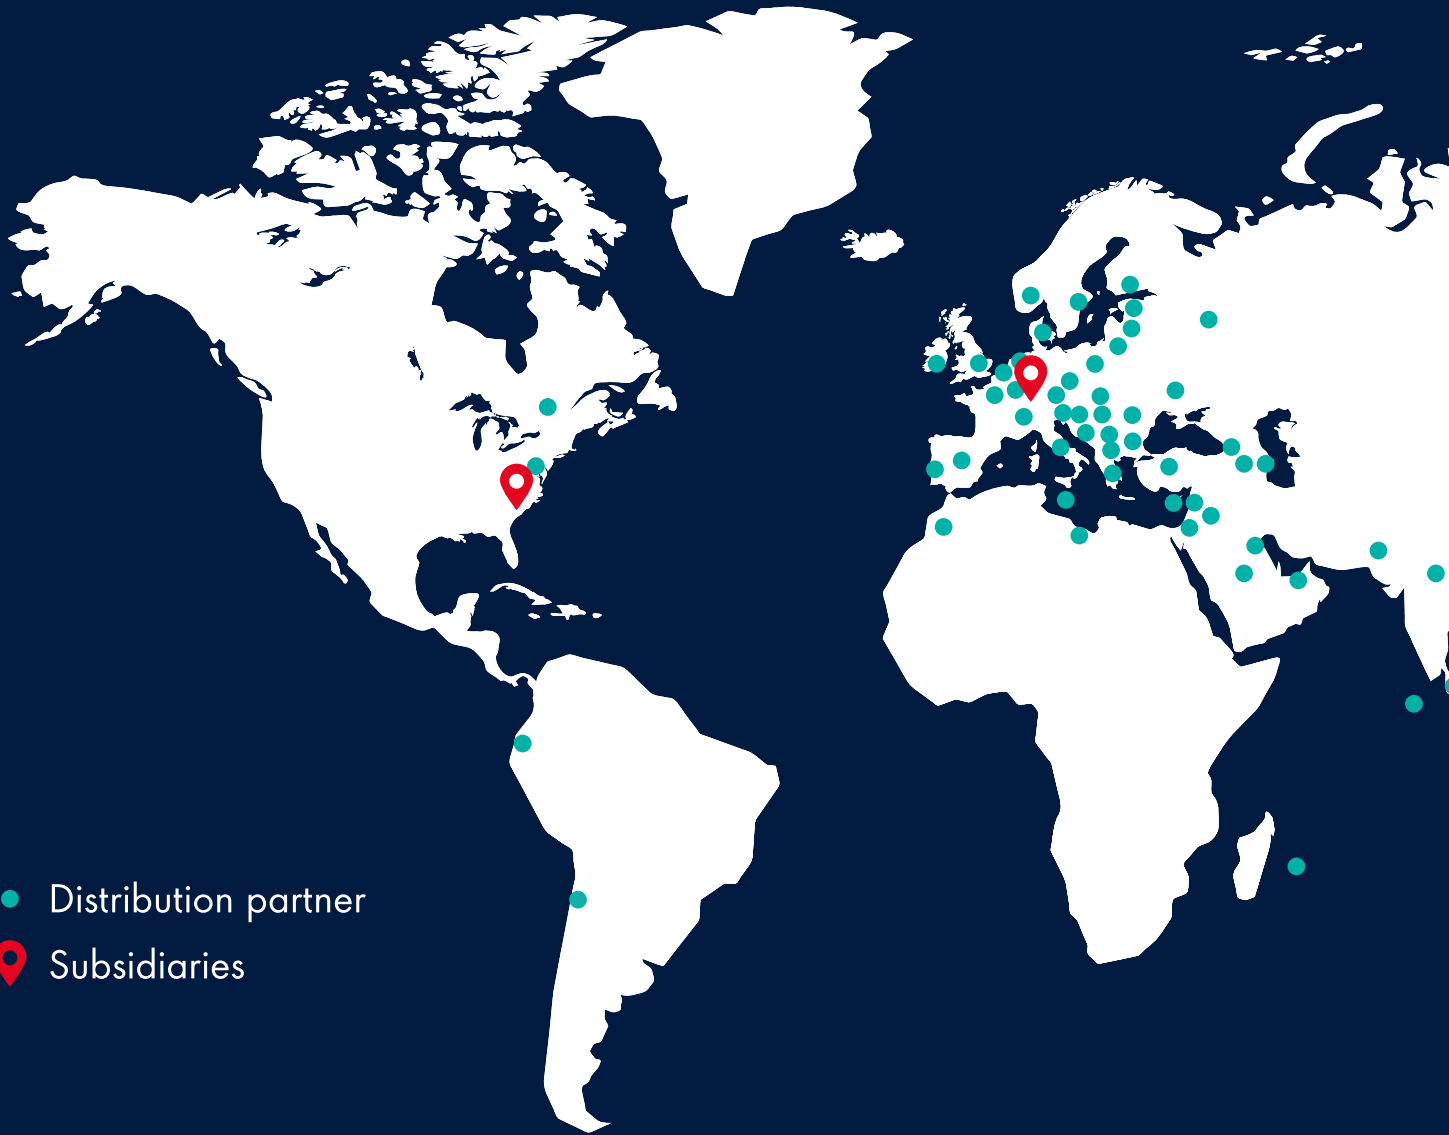

We inspire at the point of sale with beautifully designed product packaging and offer our retail partners creative and innovative presentation solutions that invite them to immerse themselves in the colourful world of Marabu.

## MARILYN MONROE ARTWORK WITH MARABU ARTIST ACRYL

1. Cover the work area and prepare the materials.
2. Transfer the template to the canvas with a pencil.
3. Carefully paint the individual color area as desired. When painting, it is a good idea to start with the background and then work your way forward, layer by layer. Use smaller brushes for narrow areas. Finally, let everything dry well.

### TIP

Brush + painting surfaces in accessories section, p. 106

## YONO ACRYLIC MARKER

No matter what material, style or project – YOU ONLY NEED ONE. Acrylic markers are suitable for almost all background materials. The bright colours are matt, opaque, light-fast and water-based (neon: semi-opaque, partially light-fast). Intense, brightly coloured works are created with the fluorescent neon colours, which glow in daylight and under UV light. Particularly elegant designs are created with the matt metallic shimmering colours. The wet inks can be mixed, blended or used as watercolours. Once dry, the inks are waterproof and can be overpainted.

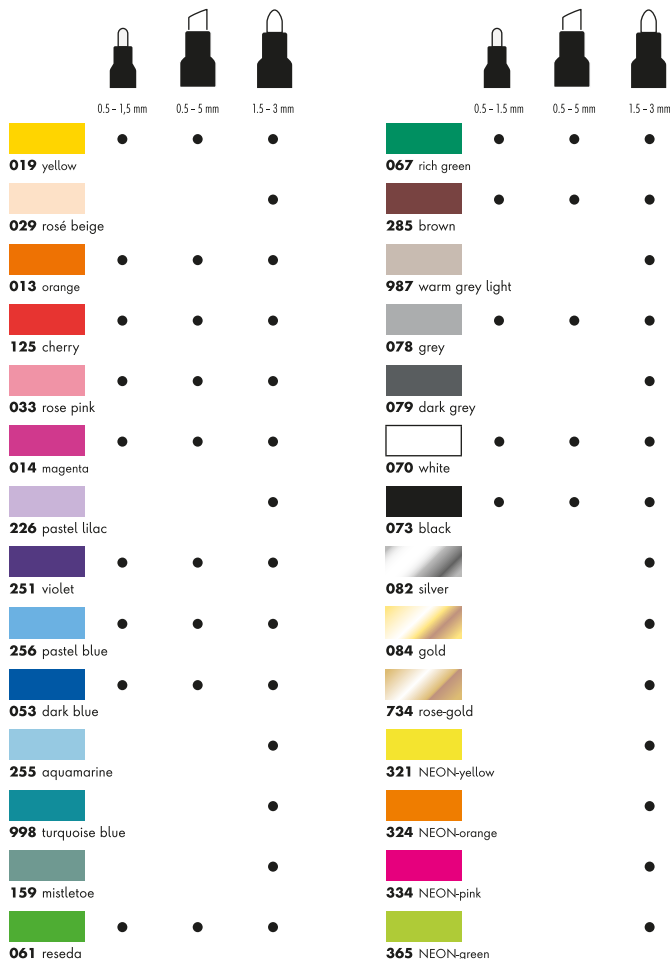

**12400 101** Fine bullet tip 0.5 – 1.5 mm

**12400 102** Chisel tip 0.5 – 5 mm

(Chisel tip)

## SHAKE IT

Before first use, shake the marker with the cap closed for 60 seconds. The mixing ball in the marker makes a clicking noise.

## PUSH IT

Slowly press the tip several times on a test paper until the ink is visible. When the ink flow is activated, the nib will slowly soak itself full.

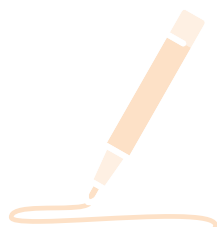

## TEST IT

When the tip is filled with paint, test the marker on the test paper.

## DRAW IT

For even application of paint, pump regularly.

## BLACK PAD 140

Black, matt special paper. 140 g/m<sup>2</sup>. Matt, uncoated, acid and carbon free. 100 % ECF pulp, biodegradable and recyclable. Sized on 1 side. 20 sheets. Suitable for almost all opaque acrylic markers, painters and liners. FSC™ certified paper.

**16120 000 00500**  
21 x 29.7 cm,  
DIN A4

## BLACK PAD 250

Black, matt special paper. 250 g/m<sup>2</sup>. Matt, uncoated, acid and carbon free. 100 % ECF pulp, biodegradable and recyclable. Sized on 1 side. 20 sheets. Suitable for almost all opaque acrylic markers, painters and liners. FSC™ certified paper.

**16120 000 00501**  
21 x 29.7 cm,  
DIN A4

## ACRYL COLOR

Creamy, water-based acrylic paint with a well developed colour range. Satin matt colours, complemented by further shades in shiny metallic and sparkling glitter. The colours can be mixed together, they can be diluted with water, are quick drying, light-fast and water-resistant. For application with a brush, paint roller or sponge. Ideal for incorporating in Mixed Media works of art and Art Journaling. Use on canvas, paper, wood, etc.

808 Gesso white

## COLLAGE GLUE

Transparent, thick, water-based glue with strong adhesion. Ideal for paper, photos, fabric collages, decoupage and as fixative for mixed media work on porous surfaces such as canvas, paper, wood, etc.

12040 050 845

100 ml plastic tube

## ACRYL GEL GLOSS

Water-based, creamy, clear acrylic gel. For fine, raised structures. Can be mixed up to 20% with Marabu acrylic paints. The milky acrylic gel dries to a transparent gloss, or matt to porcelain-like finish depending on how much is applied. Acryl Gel Gloss is also suitable for material collages and as a transparent finish for artwork.

12030 050 101

100 ml plastic tube

12020 000 00087

Assortment:  
3 x 100 ml  
(809, 082, 084)

12020 000 00088

Acrylic pastes set STRUCTURED ART:  
3 x 100 ml Acrylic Paste (070, 084, 809),  
2 x effect spatulas, 3 x painting knives,  
2 x painting cardboard  
(18 x 24 x 0.4 cm)

## ACRYL PASTE

Creamy acrylic pastes in matt white and with elegant metallic effect. Fine sand paste for sand and snow effects. Also suitable for relief-stencilling and material collages. White pastes can be mixed up to 20% with acrylic paint or coloured/painted over once dry.

12020 050

100 ml plastic tube

070 white

082 silver

084 gold

814 coarse sand

809 fine sand

## PROTECTIVE VARNISH

Thin, acrylic finish to give artwork a final varnishing coat.

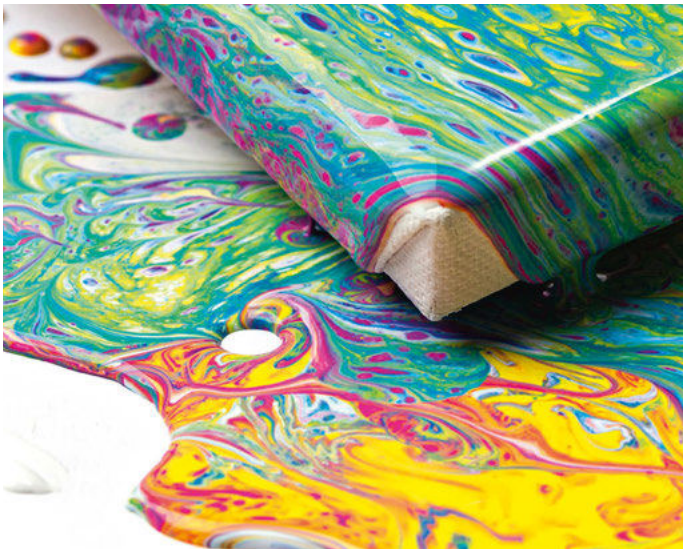

12300 013 856

250 ml plastic bottle

## POURING FLUID

The water-based and runny acrylic substance known as Pouring Fluid is perfect for all pouring applications and techniques. Pouring Fluid encourages the paint to run without losing its colour depth or intensity. Mix the Pouring Fluid with Marabu acrylic paints (test run recommended) for use in pouring applications. It can also be applied pure, for example as a finish, after the artwork you have created using a pouring technique has dried. After drying the Pouring Fluid is water-resistant, transparent and, depending on the mixture used, the finish ranges from a silky matt texture to a glossy look.

12320 013 885 250 ml plastic bottle 4 007751 668820

12320 075 885 500 ml plastic bottle 4 007751 668844

12320 016 885 750 ml plastic bottle 4 007751 668868

## TIP

Cover work surface and clothes. Shake the Pouring Fluid well before use. Get the materials, acrylic paint and Pouring Fluid ready.

## PREPARATION

1. Pour each acrylic paint into a separate cup.
2. Add several parts of Pouring Fluid to the paint.
3. Use a palette knife or spatula to stir the mixture very well until a homogeneous substance has been created.
4. If necessary, add Pouring Fluid or acrylic paint and mix again until the desired consistency has been achieved.

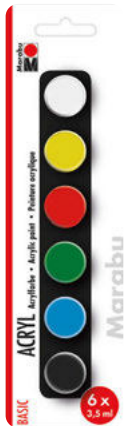

## INSTRUCTION FLIP CUP

1. Pour the paints into a mixing cup one after another.
2. Place the canvas frame on top of the cup, quickly flip both over. Wait a moment until the paint in the cup has run down onto the background.
3. Carefully lift the cup up from the background.
4. Tip the background until the desired result has been achieved. Let dry.

## ACRYLIC PAINTS SETS

Opaque, water-based acrylic paints. Paints can be mixed together and thinned with water. It dries quickly to a satin matt finish. Water-proof, non-fading colours. Suitable for many surfaces such as canvas, painting board, paper, cardboard, wood, etc.

**15100 075** 500 ml plastic bottle

All colours available 250 ml

\* also in 500 ml available

## FACTIS RUBBER CARVING BLOCK

Flexible, soft rubber printing block. Ideal for beautiful relief printing projects. Easy to use with the carving tool for precise outlines – "easy to cut". Can be cleaned quickly with water, re-usable.

**01730 90 787**  
9 x 7,8 x 0,7 cm

**01730 155 907**  
15,5 x 9 x 0,7 cm

## ALCOHOL INK

Alcohol-based, permanent ink. For a wide range of pouring techniques and creative designs. The brilliantly bright colours are quick drying, acid free and suitable for mixing. Transparent, dye-based colours (exceptions: metallic colours and diamond). Ideal for non-absorbent backgrounds (e.g. synthetic paper, ceramic, glass, metal, etc.). Diamond Alcohol Ink adds a very special, sparkling shimmer to all Alcohol Ink colours. The Alcohol Ink Extender is used to mix, lighten and lift Alcohol Ink colours. It also slows the drying process.

paper DIN A6

## ALCOHOL INK PAD

Special paper for alcohol-based inks. 280 g/m<sup>2</sup>. Matt coated, white. Tear-resistant, waterproof. Sized on 1 side. 12 sheets. Ideal for designs with Marabu Alcohol Ink. FSC™ certified paper.

16120 000 00450  
21 x 29.7 cm,  
DIN A4

## INSTRUCTIONS WISPY LAYERS

1. Squeeze droplets of Alcohol Ink in the desired colour onto the background. Add Alcohol Ink Extender on top.
2. Set the hair dryer to cold and use it to slowly and carefully blow the paint inwards. The fluid paint collects in the inner area. Continue until the paint is dry. Apply Alcohol Ink Extender to the outer edges and repeat the process with the hair dryer. Thin, delicate ("wispy") layers are created.

## INSTRUCTIONS MASKING:

1. Marabu Fixogum is ideal as a masking agent for non-absorbent surfaces in combination with Alcohol Ink. Apply Fixogum to the surface (e.g. in the form of text, lines etc.) and leave to dry. Next, apply Alcohol Ink as desired. Allow to dry completely.
2. The Fixogum glue can then be simply rubbed off the background to reveal the image previously drawn on.

## TIP

Art Stencils for the Alcohol Ink technique „Wipe stencilling“ technique on p. 133, Fixogum for the Alcohol Ink technique „Masking“ on p. 100.

The image features a dark blue background with several colorful squares scattered around. At the top, there is a purple square and a red square. In the lower-left area, there is a pink square and an orange square. In the bottom-right corner, there is a blue square. The text 'DRAWING & ILLUSTRATING.' is centered in white, bold, uppercase letters.

## TEXTIL

Universal fabric painting and printing paint for all light-coloured fabrics. Washable up to 60 °C. Water-based. Particularly soft to the touch. Especially suitable for fabric painting. Fixing with an iron or in the oven.

- 17160 039 15 ml jar
- 17160 005 50 ml jar
- 17160 013 250 ml plastic bottle
- 17160 075 500 ml plastic bottle

### 17160 039 00005

Filling Textil 15 ml, 140 x 15 ml, incl. Textil Neon (321, 324, 334, 365), Textil Metallic (782, 784)

### 17160 005 00005

Filling Textil 50 ml, 108 x 50 ml jars

### 17160 013 00003

Filling Textil 250 ml, 28 x 250 ml bottles

### 17160 000 00087

Textil starter set : 6 x 15 ml Textil (021, 031, 052, 062, 070, 073), 1 x brush Marabu Universal flat size 8 (FSC™ certified)

### 17160 000 00096

Textil set SWEET CANDY: 4 x 15 ml Textil (014, 035, 091, 236), 1 x 25 ml Fashion Liner (572), 1 x brush Marabu Universal flat size 8 (FSC™ certified)

## TEXTIL PLUS

Fully opaque fabric paint for dark fabrics. Washable up to 40 °C. Water-based, soft to the touch. Especially suitable for fabric painting and fabric printing. Fixing with an iron or in the oven.

**17150 005 00003**  
Filling Textil Plus  
50 ml, 108 x 50 ml  
jars

**17150 005** 50 ml jar

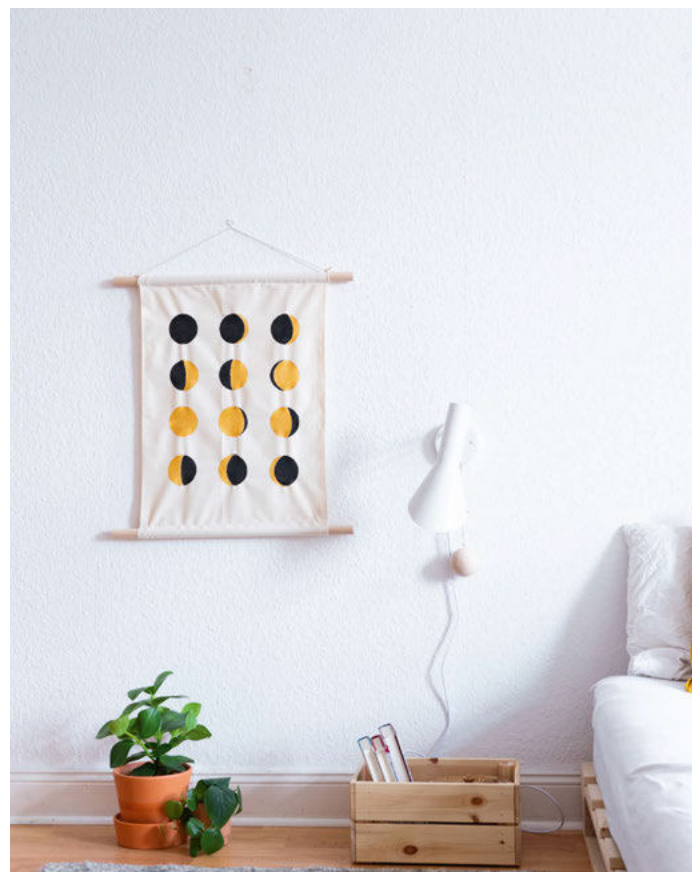

**17150 000 00087**  
Textil Plus starter set: 6 x 15 ml Textil Plus (015, 021, 032, 055, 070, 073),  
1 x brush Marabu Universal flat size 8 (FSC™ certified)

### TIP

Fixing: Iron each painted area at cotton setting from the front through a thin cloth for 2-3 minutes. Fixing in the oven: 8 min. at 150 °C (except synthetics and mixed fabrics).

## TEXTIL METALLIC

Opaque fabric paint for sparkling metallic effects. Water-based. Suitable for light and dark textiles. Ideal for stencilling. Washable up to 40 °C. Fix by ironing or in the oven.

**17140 039** 15 ml jar

**782** metallic-silver **784** metallic-gold

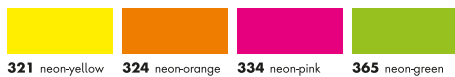

## TEXTIL NEON

Fluorescent, intense, water-based day-glow paint. Odourless, saliva-resistant, and soft to the touch. Glows in UV black light. For light-coloured fabrics free of finishes and fabric conditioners (max. 20% synthetic fibre).

**17110 039** 15 ml jar

**17110 000 00080**  
Textil Neon set: 5 x 15 ml Textil Neon (321, 324, 334, 365), 1 x 15 ml Textil (073), 1 x Textil Painter (073), 1 x brush Marabu Universal flat size 8 (FSC™ certified)

## TEXTIL PAINTER

Fabric marker for light fabrics. Easy to use, water-based and soft to the touch. Washable up to 60 °C. Light-fast. Fixing with an iron or in the oven. Perfect for combining, e.g. as an outline marker with Marabu Textil and Textil Plus. Filter system without pumping.

**01160 003** Multi-purpose tip 1-2 mm   
Painting & writing

**01170 003** Multi-purpose tip 2-4 mm   
Painting

**01170 003 00001**  
Filling Textil Painter, 224 marker (140 x 1-2 mm, 84 x 2-4 mm)

**01160 000 00080**  
Assortment of 5 BASIC:  
5 markers with tip 1-2 mm (019, 031, 067, 053, 073)

**01170 000 00080**  
Assortment of 5 BASIC:  
5 markers with tip 2-4 mm (019, 031, 067, 053, 073)

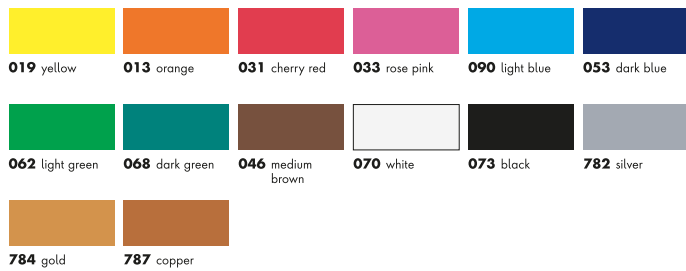

## TEXTIL PAINTER PLUS

Fabric marker for light and dark fabrics. Easy to use. Soft to the touch, water-based. After iron fixing or oven fixing washable up to 40 °C. Good for combining with Marabu Textil and Textil Plus. Pump system with high pigmentation.

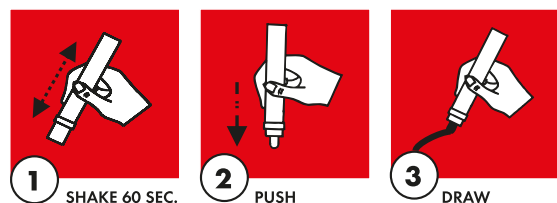

**01180 003** Multi-purpose tip 3 mm  Painting & writing

**01180 003 00002**  
Filling Textil Painter Plus/Glitter,  
168 markers (84 x Textil Painter Plus,  
84 x Textil Painter Glitter)

**01180 000 00080**  
Assortment  
of 5 BASIC:  
5 markers with tip  
3 mm (019, 031,  
068, 053, 073)

## TEXTIL PAINTER GLITTER

Fabric marker for light and dark fabrics. Easy to use, water-based and soft to the touch. After iron fixing or oven fixing washable up to 40 °C. Good for combining with Marabu Textil and Textil Plus. Pump system with high pigmentation.

**01190 003** Multi-purpose tip 3 mm  Painting & writing

**01190 000 00080**  
Assortment  
of 3 GLAMOUR:  
3 markers with tip  
3 mm (573,  
582, 584)

### ACTIVATING THE MARABU PUMP-ACTION MARKERS

1. Shake the marker with the lid closed for 1 minute to evenly distribute the paint pigments in the ink.
2. Carefully pump the marker up and down on a test paper until the tip has filled with paint.
3. Start writing and briefly pump again if the ink starts to fade. Shake in between.

## TEXTIL PRINT

Water-based, odourless, and light-fast printing ink. The ink is slow-drying. Brilliant, matt colours, soft to the touch. For light coloured fabrics free of finishes and fabric conditioners (max. 20% synthetic fibre content)

**17030 050 00000**  
Filling Textil Print  
100 ml, 28 x 100 ml  
plastic pots

**17030 050** 100 ml plastic pot

**17030 000 00081**

Textil Print set SOFT LINOL:

1 x foam roller (60 mm), 1 x cutter with 2 blades (size 2 and 5)(FSC™ certified), 1 x soft printing plate (Factis rubber carving block (155 x 90 x 7 mm)), 1 x 100 ml Textil Print (974), 2 x 15 ml Textil Aquarelle (020, 014), 1 x brush Marabu Universal round size 12 (FSC™ certified)

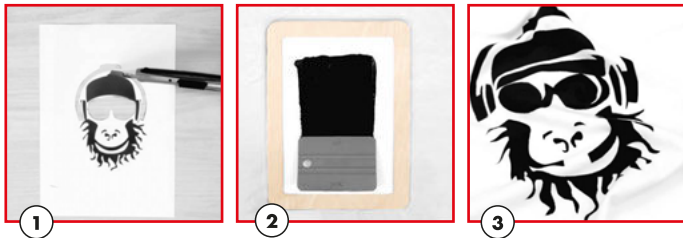

**17030 000 00082**

Textil Print set SCREEN PRINTING:

1 x screen (250 x 188 mm; 51T) (FSC™ certified), 1 x squeegee (102 x 73 mm), 1 x painting knife, 1 x 100 ml Textil Print (974)

## INSTRUCTIONS FABRIC SCREEN PRINTING

Screen printing is a method of printing that involves forcing the printing ink through a finely woven mesh onto the fabric using a squeegee. Parts of the mesh are made impermeable to the ink before printing.

1. Transfer the motif to the stencil material (e.g. Paper or transparent film) and then cut it out using the cutter. Stick the stencil to the flat side of the screen using adhesive tape and position the screen on the side of the fabric to be printed (flat screen side downward).
2. Use the squeegee to spread the ink over the motif from top to bottom without pressure (screen is flooded). Make sure all areas to be printed are covered in ink. Next, draw the squeegee over the motif from top to bottom applying even pressure. Carefully lift the screen off the fabric and clean it immediately.
3. After drying, fix the fabric in the oven (8 minutes/150 °C) or iron without steam for 3 minutes. After fixing, the fabric is washable up to 40 °C.

## SCREEN PRINTING FRAME

The FSC™ certified wooden screen printing frame is ideal for textile printing with water-based printing inks. The 51T screen mesh (fabric) is ideal for printing on light textiles using Marabu Textil Print ink.

**01730 000 00060**  
DIN A5, 51T

**01730 000 00061**  
DIN A4, 51T

## INSTRUCTIONS RELIEF PRINTING ON FABRIC

In relief printing, the printing parts are raised, which means that only the raised lines, bars or surfaces of the printing mould are printed. It is a direct printing process, which means that the printing plate transfers the ink directly onto the fabric.

1. Transfer your motif to the soft printing plate using a pencil. Then cut it out with the cutting tool.
2. Take up ink with the foam roller and roll onto the printing plate.
3. Position the printing plate on the fabric and press it down applying slight pressure. Carefully remove the plate from the fabric and quickly clean it with water.
4. After fixing (oven 8 Min./150 °C or 3 Min. ironing without steam) the printed motifs can be coloured with the watercolour paint Textil Aquarelle. After fixing, the fabric is washable up to 40 °C.

## FACTIS RUBBER CARVING BLOCK

Flexible, soft rubber printing block. Ideal for beautiful relief printing projects. Easy to use with the carving tool for precise outlines – “easy to cut”. Easy to clean with water, reusable. Ideal in combination fabric printing ink Textil Print.

**01730 90 787**  
9 x 7,8 x 0,7 cm

**01730 155 907**

25 ml sachet

## INSTRUCTIONS EASY COLOR

1. Add approx. 10 g of table salt for each litre of water and dissolve. For silk, 50 ml of vinegar is to be added per litre of water.
2. Place fabric in the dye bath (dye solution); for wax batik allow the temperature to cool down to 40–50 °C.
3. Let it soak in the dye for at least 20 minutes, constantly moving the fabric.
4. After each dye rinse the fabric in cold water until the water runs clear. Allow silk to slowly cool down first.

### TIP

Circles:  
scrunch up the fabric and tie off sections very tightly with thread before completely submerging in the dye solution.

Horizontal stripes:  
tie off at least one section very tightly with thread in the lower third before completely submerging in the dye solution.

## SILK

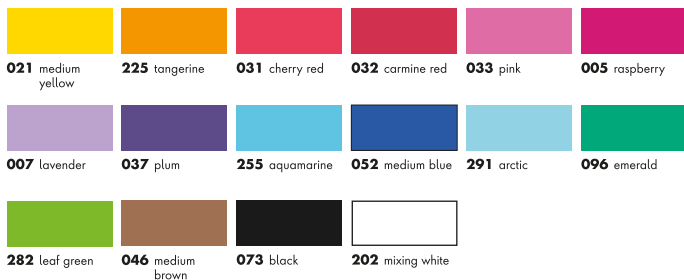

Water-based silk paint, fixed by ironing. For all techniques of silk painting and for all silk qualities as well as thin cotton fabrics. Brilliant, intensive colours. Soft to the touch and very good flow properties. Silk Mixing White for mixing pastel colours. Washable and suitable for dry cleaning. Easy fixing with an iron or in the oven. Easy fixing with an iron or in the oven.

**17800 005 00001**  
Filling Silk 50 ml,  
108 x 50 ml Silk,  
incl. Mixing white

**17800 005** 50 ml jar

## CONTOURS & EFFECTS

Water based outline medium for painting outlines and effects on silk in combination with SILK. The coloured Contours & Effects are resistant to washing and dry-cleaning after fixing. The clear contouring medium is washed out after fixing. For application directly from the liner.

**17820 009** 25 ml liner

## SOCK STOP

Water-based rubber-like non-slip paint, latex free. For light and dark textiles (max. 20 % synthetic fibre content). Easy to use straight from the bottle for freehand designs and lettering. Washable up to 40 °C.

**17220 106 00000**  
Filling Sock Stop 90 ml,  
48 x 90 ml plastic bottles

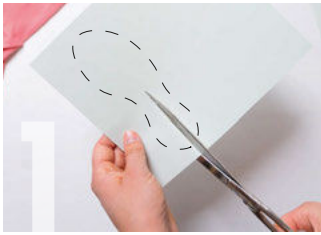

**17220 106** 90 ml plastic bottle

## INSTRUCTIONS SOCK STOP

1. Wash textiles without fabric softener. Cut a piece of cardboard into the shape of a foot or a suitable sole size and insert into the socks.

2. Shake bottle vigorously for at least 30 seconds and apply paint to a kitchen towel first.

3. Apply paint generously directly from the bottle (several times if necessary). Dry in a flat position, approx. 24 h (depending on the motif size).

## TEXTIL DESIGN

Acrylic-based decoration spray. Quick-drying, weatherproof and light-fast\* (\*except neon colour shades). For decorating almost all types of textiles, for example, cotton, mixed fibres, artificial fibres or jute (it may be necessary to test patch it in advance). Washresistant up to 30 °C, not suitable for everyday clothing.

### TIP

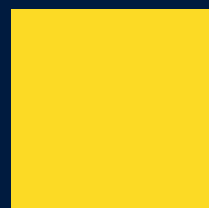

Great 3D effects with a thick application of paint.

# PORCELAIN & GLASS.

Porcelain & Glass Glossy .....	64
Porcelain & Glass Matt .....	65
Porcelain & Glass Painter .....	66-67
Window Color .....	68-69

## PORCELAIN & GLASS GLOSSY

Colourful tableware! With the high-gloss porcelain and glass paint, plates, cups, glasses and much more can easily be painted individually. Dishwasher-safe without baking. Simply paint, leave to dry and you're done! Water-based, odourless and lightfast. Dishwasher-safe after 3 days of drying (max. 50 °C). To speed up the drying process or in combination with the Marabu Porcelain & Glass Painter, the colour can also be baked at 160 °C for 30 minutes.

**11150 039 00000**  
Filling Porcelain & Glass Glossy/Matt  
15 ml, 130 x 15 ml jars, 6 x Cleaner & thinner à 50 ml

**11150 039** 15 ml jar

**11050 000 00087**  
Porcelain & Glass Glossy starter-set:  
6 x 15 ml (220, 125, 057, 158, 070, 073), 1 x brush Marabu Universal flat size 8 (FSC™ certified)

### TIP

Note the following to ensure you can enjoy your glass and porcelain painting for a long time:

- Pre-cleaning: Thoroughly clean the porcelain with washing-up liquid or an abrasive cleaner and a sponge before painting. Then rub off any finger prints with Marabu Cleaner & thinner or white spirit.
- Do not pre-clean the dishes in the dishwasher.
- Cutting surfaces and drinking edges should not be painted as abrasion from cutlery can damage the painting.
- Arcopal/Pyrex dishes will not be dishwasher-safe after painting.
- Porcelain & Glass Glossy, Porcelain & Glass Matt and Porcelain & Glass Painter are also ideal for combining: Simply fire in the oven after drying (approx. 4 hours) at 160 °C for 30 minutes. Afterwards the dishes will be dishwasher-safe up to max. 50 °C.

## PORCELAIN & GLASS MATT

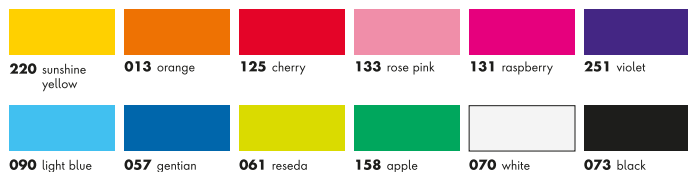

Colourful or tone on tone! With the matt drying porcelain and glass paint, plates, cups, glasses and much more can easily be painted individually. Dishwasher-safe without baking. Simply paint, leave to dry and you're done! Water-based, odourless and lightfast. Dishwasher-safe after 3 days of drying (max. 50 °C). To speed up the drying process or in combination with the Marabu Porcelain & Glass Painter, the colour can also be baked at 160 °C for 30 minutes.

**11150 039 00000**  
Filling Porcelain & Glass Glossy/Matt  
15 ml, 130 x 15 ml  
jars, 6 x Cleaner &  
thinner à 50 ml

**11160 039** 15 ml jar

**11160 000 00087**  
Porcelain & Glass Matt starter-set:  
6 x 15 ml Glas (220, 133, 131,  
057, 070, 073), 1 x brush Marabu  
Universal flat size 8 (FSC™ certified)

## INSTRUCTIONS FOR PAINTING A CUP

1. Clean the cup thoroughly before painting.
2. Stir the colours very well before use. Do not shake.
3. Lay the cup as flat as possible and paint with a fine brush. Allow the colours to dry before turning the cup, as they can run on curved surfaces. After 3 days drying, the cup is dishwasher safe (max. 50 °C).

## PORCELAIN & GLASS PAINTER

High-gloss porcelain & glass paint marker. Ideal for painting porcelain, ceramic and glass. Pump system with highly pigmented ink. Dishwasher-safe after firing.

### ACTIVATING THE MARABU PUMP-ACTION MARKERS

1. Shake the marker with the lid closed for 1 minute to evenly distribute the paint pigments in the ink.
2. Carefully pump the marker up and down on a test paper until the tip has filled with paint.
3. Start writing and briefly pump again if the ink starts to fade. Shake in between.

## INSTRUCTIONS FOR PAINTING GLASS

1. Thoroughly clean the porcelain with washing-up liquid or an abrasive cleaner and a sponge before painting. Then rub off any finger prints with Marabu Cleaner & thinner or white spirit.
2. Pump on the painter and paint the glass as desired. Leave out the drinking rims and do not paint them.
3. After painting (at least 4 hours drying time), place the glass in a non-preheated oven and bake at 160 °C for 30 minutes. Let the glass cool down with the oven door open. Afterwards, the painting is dishwasher safe at max. 50 °C.

### TIP

The Cleaner & thinner featured on p. 103 can be used to clean porcelain and glass surfaces before painting.

## DO IT COLOR SPRAY

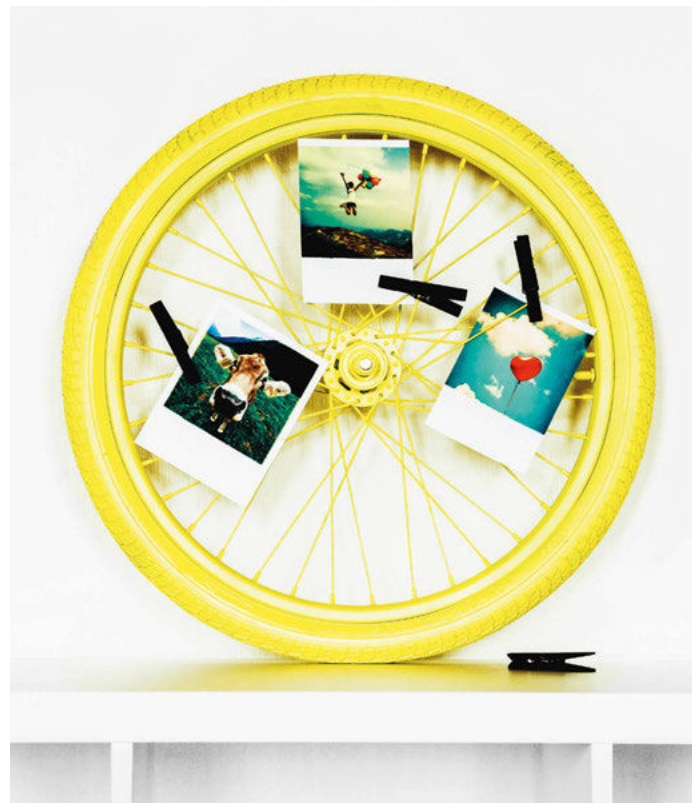

High-quality colour spray for all big and small projects in the areas of crafts and DIY. For an even surface without visible brush strokes. Wide range of colours: Classics, trend colours and numerous effect sprays. Many colours are suitable for polystyrene without prior use of primer. Suitable for many surfaces, e.g. paper, wood, metal, ceramic, glass, wicker and paintable plastics (differs from one product line to another, observe the information on the cans). Also ideal for stencilling.

## DO IT SATIN MATT

Highly brilliant, satin-finish colours. Very good coverage. Suitable for polystyrene without prior use of primer. Extremely quick drying, lightfast, weatherproof, smudge-proof. Acrylic-based.

**21070 006** 150 ml spray can

## DO IT NEON

Brilliant day-glow colours. Full brilliance on light-coloured surfaces. Recommended spraying distance approx. 20 cm. Suitable for polystyrene without prior use of primer. Extremely quick drying, partially lightfast, weatherproof, smudge-proof. Acrylic-based.

**21071 006** 150 ml spray can

## TIP

DO IT is also ideal for stencilling. Stencils on page 133

## DO IT GLOSS

Highly brilliant, glossy colours. Very good coverage. Extremely quick drying, lightfast, weatherproof, smudge-proof. Acrylic-based.

21072 006 150 ml spray can

433 gloss-red 471 gloss-white 472 gloss-black

## DO IT HIGH GLOSS

High-gloss metallic look. Very good coverage. Extremely quick drying, lightfast, partially weatherproof, smudge-proof. Special synthetic resin base.

21073 006 150 ml spray can

482 high gloss-silver 484 high gloss-gold

## DO IT METALLIC

Elegant metallic effects. Very good coverage. Suitable for polystyrene without prior use of primer. Extremely quick drying, light-fast, weather-resistant, smudge-proof. Acrylic-based.

21074 006 150 ml spray can

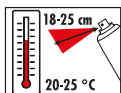

782 metallic-silver 784 metallic-gold 786 metallic-red gold 787 metallic-copper

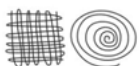

### TIP

For a perfect spraying result:  
Shake the can for 2-3 minutes before use.

Maintain appropriate spraying distance and appropriate spraying temperature.

Cross spray large areas, spiral spray smaller objects from the middle outwards.

## DO IT GLITTER

Sparkling glitter effects. Transparent. Suitable for polystyrene without prior use of primer. Extremely quick drying, lightfast, partially weather-proof, smudge-proof. Acrylic-based.

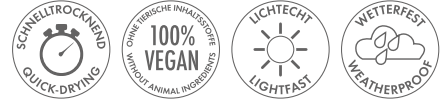

**21075 006** 150 ml spray can

**582** glitter-silver **584** glitter-gold

## DO IT REFLECTING STEEL

Sparkling metallic effects. Very good coverage. Extremely quick drying, lightfast, weatherproof, smudge-proof. Acrylic-based.

**21077 006** 150 ml spray can

**566** reflecting green **575** reflecting black

## DO IT PEARL

Delicate shimmering mother-of-pearl appearance. Semi-opaque, for light-coloured surfaces. Suitable for polystyrene without prior use of primer. Extremely quick drying, lightfast, weatherproof, smudge-proof. Acrylic-based.

**21076 006** 150 ml spray can

**270** pearl white **233** pearl rose **250** pearl lilac **252** pearl blue

## DO IT ANTIQUE STEEL

Elegantly shimmering antique effects. Very good coverage. Extremely quick drying, lightfast, weatherproof, smudge-proof. Acrylic-based.

**21078 006** 150 ml spray can

**781** antique silver **780** antique graphite

## DO IT CHALKBOARD

Satin-finish chalkboard spray. Once dried, it can be written on with chalk and cleaned with water. Very good coverage. Extremely quick drying, lightfast, weatherproof. Nitro-based.

21079 006

150 ml spray can

875 chalkboard black

21070 006 00000

Filling DO IT Colorspray,  
384 cans, 150 ml each

## INSTRUCTIONS:

### COLOURING PLANT BASKETS WITH DO IT COLOURSPRAY

1. Cover the working area well and also protect the working environment sufficiently from the spray mist of the paint. It is best to spray outside or provide sufficient ventilation. Have the baskets ready. They should be clean and dry.
2. Carefully pull the spray heads off the cans and remove the red safety valve. Replace the spray heads and caps and shake the cans for 2-3 minutes. Spray the cans on newspaper first to check that there are no solids in the spray head.
3. Cover the areas that are not to be sprayed with tape and newspaper. Now the baskets can be sprayed in the desired colours. Allow everything to dry well.

## GREEN WATER-BASED ALKYD PAINT

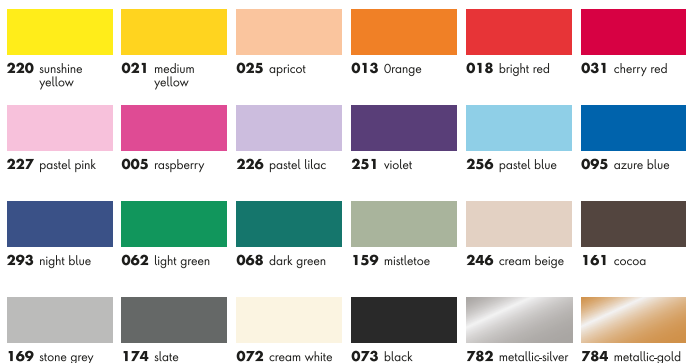

Creamy, water-based alkyd paint. Paint consists of at least 92 % raw materials of natural origin. Vegetable oil-based raw materials, vegan. Lightfast, weatherproof, intermixable. Suitable for paper, cardboard, canvas, wood, MDF, stone and much more.

**14500 050 00000**  
Filling GREEN alkyd paint,  
144 tubes of 100 ml

**14500 050** 100 ml tube

**14500 000 00080**

**16120 000 00601**

21 x 29.7 cm,  
DIN A4

## YONO ACRYLIC MARKER

No matter what material, style or project – YOU ONLY NEED ONE. Acrylic markers are suitable for almost all background materials. The bright colours are matt, opaque, light-fast and water-based (neon: semi-opaque, partially light-fast). Intense, brightly coloured works are created with the fluorescent neon colours, which glow in daylight and under UV light. Particularly elegant designs are created with the matt metallic shimmering colours. The wet inks can be mixed, blended or used as watercolours. Once dry, the inks are waterproof and can be overpainted.

 (Chisel tip)

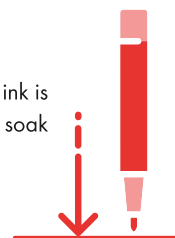

## SHAKE IT

Before first use, shake the marker with the cap closed for 60 seconds. The mixing ball in the marker makes a clicking noise.

## PUSH IT

Slowly press the tip several times on a test paper until the ink is visible. When the ink flow is activated, the nib will slowly soak itself full.

## TEST IT

When the tip is filled with paint, test the marker on the test paper.

## DRAW IT

For even application of paint, pump regularly.

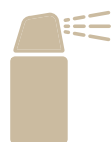

## CLOSE IT

Before putting it away, close the marker tightly with a distinct clicking sound.

## STORE IT

Always store the marker horizontally.

For better durability, use a Marabu spray varnish to spray on the artwork. Spray varnishes on page 102-103. Fix fabric in the oven at 150°C for 8 minutes.

## BLACK PAD 140

Black, matt special paper. 140 g/m<sup>2</sup>. Matt, uncoated, acid and carbon free. 100% ECF pulp, biodegradable and recyclable. Sized on 1 side. 20 sheets. Suitable for almost all opaque acrylic markers, painters and liners. FSC™ certified paper.

## COLORADO GOLD

Metallic effect paint. Abundant silky gloss, metallic shimmer special effect paint with intensive colour depth. Suitable for absorbent surfaces such as wood, MDF, paper maché, paper, stone, ceramic, clay, polystyrene, canvas, etc. Weatherproof, smudge-proof, very good coverage, light-fast, water-based and quick-drying. For painting and dabbing.

12640 005 50 ml jar

12640 025 225 ml plastic pot

All colours available in 50 ml also

\*. available in 225 ml

## VEGAS GLITTER

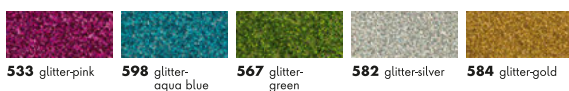

Glittering special-effect paste. Suitable for absorbent bases such as wood, MDF, paper maché, paper, stone, ceramic, canvas, etc. Smudge-proof, waterproof, water-based, partly light-fast and quickdrying. Can be applied with a brush, spatula or used for stencilling. The more thick the paint is applied, the more voluminous and glittery the result.

12690 025 00000  
Filling Vegas Glitter 225 ml,  
20 x 225 ml pots

12690 025 225 ml plastic pot

## GLOW IN THE DARK

Glazing, fluorescent, water-based glow in the dark paint. Glows in the dark and under UV black light. For wood, MDF, paper mache, ceramics, clay, metal, glass and canvas. Smudge-proof, limited non-fade properties. For best results apply to a light background, primed if necessary. Can be applied with a brush, spatula or stencil. Colours look different in daylight and in the dark.

12730 074 200 ml plastic pot

12730 000 00200

Glow in the Dark set STARS:  
2 x 15 ml Glow in the Dark (Glow-in-the-dark yellow, Glow-in-the-dark orange), 1 x 15 ml Primer (white)

12730 000 00201

Glow in the Dark set DREAM:  
2 x 15 ml Glow in the Dark (Glow-in-the-dark green, Glow-in-the-dark pink), 1 x 15 ml Primer (white)

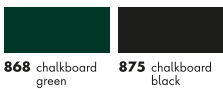

## LONDON CHALKBOARD

Blackboard paint. For wood, MDF, paper maché, stone, ceramic, clay, polystyrene and canvas. Very good coverage, smudge-proof and quickdrying. Colours can be mixed together. After drying it can be written on with chalk and wiped off with water.

12680 050 100 ml plastic tube

## CHALKBOARD

Opaque acrylic paint. The dried surface can be used for writing on with chalk, wipe off with water, water-resistant and light-fast. Suitable for walls, paper, wood, MDF, metal and canvas frames. For painting. Apply undiluted.

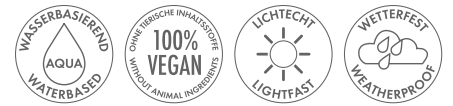

12750 025 225 ml plastic pot

4 007751 778123

## NEW YORK NEON

Semi-transparent fluorescent dayglow paint. Suitable for absorbent surfaces such as wood, MDF, paper maché, paper, stone, ceramic, clay, polystyrene, canvas, etc. For best results apply to a light background or use a primer. Weatherproof, smudge-proof, light-fast, water-based and quick-drying. For painting and dabbling.

 PARTY:  
 10 x 25 ml Candle  
 Pen (019, 133, 031,  
 090, 052, 216, 070,  
 073, 782, 784)

## TECHNIQUES WITH CANDLE PEN:

1

### FREEHAND PAINTING

Paint or write directly with the pen on the candle. The liquid wax bonds to the candle during drying. Of course the Candle Pen can also be applied with a brush.

2

### WINDOW COLOR METHOD

Simply place the desired design underneath a piece of film and trace with the Candle Pen. Leave the outlines to dry briefly before colouring them in. After 4-5 hours drying time the design can be removed from the film and stuck to the candle using Candle Pen Glue.

3

### WAX WRAPPERS

Spread the candle pen on a transparent film using a palette knife. Leave to dry, remove from the film and cut into the desired shapes. shapes. Stick onto a candle using the Candle Pen glue.

Tip: If using a stencil, place the motif on the film and cover with a layer of Candle Pen, remove the stencil.

Once dry, coat the motif with the second colour. After remove from the film, cut to size and stick to the desired position. desired place.

## DECOUPAGE & SERVIETTE VARNISH & GLUE, MATT

Ideal for the serviette technique: transparent varnish and glue in one! Water-based. Weather- and light-resistant. Also suitable as a matt finish for decoupage designs.

11400 005 843 50 ml jar 4 007751 093455

11400 013 843 250 ml plastic bottle 4 007751 093479

11400 075 843 500 ml plastic pot 4 007751 093493

## SERVIETTE TECHNIQUE INSTRUCTIONS

1. Prime the item with a suitable, light colour, e.g. using Decormatt.
2. Cut out the motif from the serviette. Carefully peel off the top, printed layer of the serviette and place it on the dried base coat.
3. Apply a layer of Decoupage & Serviette Varnish & Glue matt or glossy over both the motif and the background, working outwards from the centre of the picture.

## DECOUPAGE & SERVIETTE VARNISH & GLUE, GLOSS

Ideal for the serviette technique: transparent varnish and glue in one! Water-based. Weather- and light-resistant. Also suitable as a gloss finish for decoupage designs.

11400 005 844 50 ml jar 4 007751 093462

11400 013 844 250 ml plastic bottle 4 007751 093486

11400 075 844 500 ml plastic pot 4 007751 093509

## CRACKLE MEDIUM

Clear, water-based medium for the crackle technique when using Marabu acrylic paints. Ideal for use with the serviette technique and decoupage in combination with Decormatt and Decorlack (excluding metallic shades). Apply the product to the dry, primed surface, e.g. with Decormatt. Dry with a hair dryer then quickly apply acrylic paint over the top. The crackle effect appears instantly.

11400 005 840 50 ml jar 4 007751 085238

11400 013 840 250 ml plastic bottle 4 007751 087188

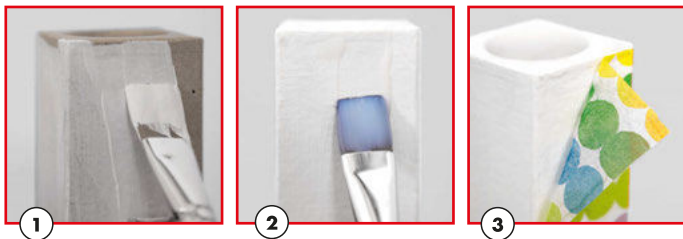

## DECOUPAGE & SERVIETTE GLUE PRO

Transparent, water-based glue. Ideal for glueing all decoupage products. Water-resistant.

11420 013 848 250 ml plastic pot 4 007751 164841

### INSTRUCTIONS FOR DECOUPAGE

1. Paint the item with Decormatt. Allow to dry completely.
2. Apply the Decoupage & Serviette Glue Pro on favoured spot.
3. Place the decoupage paper on the wet glue. Carefully brush Decoupage & Serviette varnish & glue matt or glossy from the centre of the design to the edges using a soft brush. Leave everything to dry.

#### 11380 000 00100

Filling Decoupage & Serviette, Phototransfer, Varnishes 50/250 ml, 54 jars at 50 ml:

## EASY MARBLE

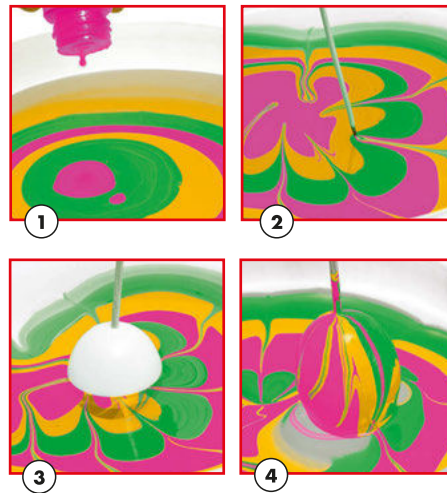

Creating marble effects, easier than ever before: Drip, dip, done! Quick-drying. Ideal for creating immersion marble effects on plastic, glass, acrylic plastic, wood, papier mâché, blown eggs, metal, polystyrene and for marble effects on paper.

**13050 039 00002**  
Filling Easy Marble  
15 ml, 140 x 15 ml  
jars

**13050 039** 15 ml jar with dropper

## INSTRUCTIONS MARBLING

### PREPARATION:

Mask any areas of the dipping object that should not end up with a marbled pattern. Push the object onto the skewer. Shake/stir the paint well. Keep open at the ready. Fill container with cold water.

1. Drip the paints onto the surface of the water directly from the drip jar, one after another. Hold the jar at an angle, not vertically.
2. Instantly use a cocktail stick to create a marbled pattern in the paint film. Wait a few seconds before the next step.
3. Slowly lower the dipping object through the pattern into the water. The paint film floating on the surface of the water will wrap itself around the object.
4. To prevent colours overlapping when pulling the object out, blow/wipe the remaining paint on the surface to the edges of the container. Next, remove the object quickly. Leave to dry. Done! Use a piece of paper to remove any residual paint from the surface of the water before marbling the next object. Add new droplets of paint for each new dipping process.

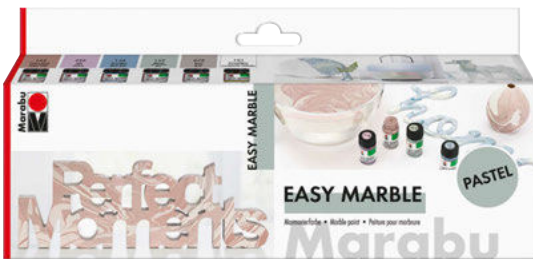

13050 000 00080

Easy Marble set NEON:  
5 x 15 ml Easy Marble (Neon-yellow,  
Neon-orange, Neon-pink,  
Neon-green, Crystal clear),  
1 x Permanent Marker (black)

Easy Marble set PASTEL:  
6 x 15 ml Easy marble (Rose taupe,  
Lilac, Grey blue, Mistletoe, Grey,  
Crystal clear)

13050 000 00087

Easy Marble starter set:  
6 x 15 ml Easy Marble  
(021, 038, 067, 095, 101, 073)

## CHALKY-CHIC CHALK SPRAY PAINT

Water-based, opaque, matt chalk spray paint for a velvety smooth surface. For wood, MDF, glass, metal, paper mache, cardboard, ceramic, canvas, plastic, raffia etc. Weather-resistant and light-fast with Chalky-Chic matt varnish. Dust-dry after 10 minutes. The typical used look can be achieved by sanding.

02630 018 400 ml spray can

### TIP

- Effect and white pigments in neon, metallic and pastel shades settle heavily to the bottom. You should therefore shake them well or remove the drip cap and briefly stir the paint.
- Always work quickly when marbling, as the paint forms a film of colour within a very short time and then it is no longer possible to draw a marbling pattern.
- Pastel and metallic shades can also be used on dark objects.
- Crystal clear is ideal for monochrome marbling.

## FIXOGUM

Elastic adhesive for graphic design and craft use. Glues paper, cardboard, paste board, plastic film and other flexible materials. Removable when applied to one side, permanent adhesion when applied to both sides. Glued parts will not wrinkle. Does not ripple the paper, ideal for photographs. Ideal as a reserving agent for watercolour and alcohol inks. Any adhesive residue can simply be rubbed off. Natural rubber and organic solvent based. Not resistant to ageing. Acid-free.

**29010 010 000**  
50 g metal tube  
in the display

**29010 017 000**  
125 g metal tube

**29010 051 000**  
500 g can

## TIP

Modern dye-sublimation prints can no longer be bonded without restriction. In this case, only apply Fixogum selectively, allow to dry well and flash off. Classically chemically developed photos can either be permanently bonded (double-sided application) or removable (single-sided application).

## GREEN MULTIPURPOSE GLUE

Cream-coloured, elastic, water-based multipurpose glue. For paper, cardboard, cork, felt, polystyrene and more (dust and grease-free, test applications recommended). Shake before use. Glue made of at least 96% natural ingredients (incl. water and substances from renewable raw materials). With vegetable-oil-based raw materials.

**14550 050 881**  
100 ml/118 g tube

## COLLAGE GLUE

Transparent, thick, water-based glue with strong adhesion. Ideal for paper, photos, fabric collages, decoupage and as fixative for mixed media work on porous surfaces such as canvas, paper, wood, etc.

**12040 050 845**  
100 ml plastic tube

## AQUA VARNISH CLEAR

Clear, water-based acrylic varnish with a transparent glossy finish. Weather-resistant. Ideal for crafts and leisure time for clear varnishes on many craft projects and materials. Not suitable for varnishing paint coats and materials which are easily water-soluble after drying.

**11350 005 000** 50 ml jar

**11350 013 000** 250 ml plastic bottle

**11350 075 000** 500 ml plastic pot

## AQUA VARNISH MATT

Clear, water-based acrylic varnish with a transparent matt finish. Weather-resistant. Ideal for crafts and leisure time for clear varnishes on many craft projects and materials. Not suitable for varnishing paint coats and materials which are easily water-soluble after drying.

**11360 005 000** 50 ml jar

**11360 013 000** 250 ml plastic bottle

## AQUA VARNISH SATIN-FINISH

Clear, water-based acrylic varnish with a transparent satin finish. Weather-resistant. Ideal for crafts and leisure time for clear varnishes on many craft projects and materials. Not suitable for varnishing paint coats and materials which are easily water-soluble after drying.

**11370 005 000**  
50 ml jar

**11370 013 000**  
250 ml plastic bottle

### TIP

Note: All three aqua varnishes appear milky in the jar and after application. The desired effect will appear after drying, though – transparent glossy, matt or satin finish.

## CLEAR VARNISH

Clear, solvent-based synthetic resin with a transparent high-gloss finish. Weather-resistant. Suitable as a transparent protective film for various materials. For hobby, leisure and artisan use. Clean brushes with Marabu Cleaner & Thinner after use.

**11060 005 000**  
50 ml jar

## MATT VARNISH

Clear, solvent-based synthetic resin with a transparent matt finish. Weather-resistant. Suitable as a transparent protective film for various materials. For hobby, leisure and artisan use. Clean brushes with Marabu Cleaner & Thinner after use.

**11080 005 000**  
50 ml jar

**23111 018 850**

400 ml spray can

### TIP

Spray varnishes are ideal for very fine varnish applications such as basketwork.

### TIP

Note: Not suitable for varnishing solvent-based paints as the dried paint application can dissolve again.. Clean brushes with Marabu Cleaner & Thinner after use.

### 11380 000 00100

Filling Decoupage & Serviette,  
Phototransfer, Varnishes 50/250 ml,

14 plastic bottles à 250 ml:

2 x aqua gloss varnish, 2 x aqua matt varnish, 2 x aqua satin  
matt varnish, 2 x Decoupage & Serviette varnish and glue matt,  
2 x Marabu Decoupage & Serviette varnish and glue gloss,  
2 x Crackle Medium,  
2 x Photo Transfer medium

## SATIN-FINISH VARNISH

Clear, UV-resistant varnish spray for a transparent satin-finish look on almost any surface. Suitable on polystyrene.

23111 006 858 150 ml spray can 4 007751 691507

23111 018 858 400 ml spray can 4 007751 691583

## FIXATIVE

Fine, invisible protective film for graphic design and working with chalk, pastels, red chalk, charcoal, pencil, watercolour and tempera paints. Touch-resistant, will not yellow.

23111 006 862 150 ml spray can 4 007751 691521

23111 018 862 400 ml spray can 4 007751 691606

### 23111 000 00000

Filling clear spray varnishes & fixative 150/400 ml, 24 x 150 ml spray cans:

6 x clear varnish 150 ml, 6 x matt varnish 150 ml, 6 x satin-finish varnish 150 ml, 6 x fixative 150 ml,

18 x 400 ml spray cans: 6 x clear varnish 400 ml, 6 x matt varnish 400 ml, 6 x satin-finish varnish 400 ml

## FIX-IT

Clear adhesive spray for repositionable fixing of stencils made of paper, cardboard, plastic, etc. and for fixing textiles for fabric printing. Sprayed stencils can be rinsed with lukewarm water.

23112 006 000 150 ml spray can 4 007751 692917

## CLEANER & THINNER

Brush cleaner and thinner for Marabu clear organic solvent based Marabu varnishes as well as for cleaning tools when creating marble effects with Marabu Easy Marble.

13040 005 000 50 ml jar 4 007751 471321

## PROTECTIVE VARNISH

Thin, acrylic finish to give artwork a final varnishing coat.

12300 013 856 250 ml plastic bottle 4 007751 654984

## DECOUPAGE & SERVIETTE VARNISH & GLUE, MATT

Ideal for the serviette technique: transparent varnish and glue in one! Water-based. Weather- and light-resistant. Also suitable as a matt finish for decoupage designs.

11400 005 843 50 ml jar 4 007751 093455

11400 013 843 250 ml plastic bottle 4 007751 093479

11400 075 843 500 ml plastic pot 4 007751 093493

## SERVIETTE TECHNIQUE INSTRUCTIONS

1. Prime the item with a suitable, light colour, e.g. using Decormatt.
2. Cut out the motif from the serviette. Carefully peel off the top, printed layer of the serviette and place it on the dried base coat.
3. Apply a layer of Decoupage & Serviette Varnish & Glue matt or glossy over both the motif and the background, working outwards from the centre of the picture.

## DECOUPAGE & SERVIETTE VARNISH & GLUE, GLOSS

Ideal for the serviette technique: transparent varnish and glue in one! Water-based. Weather- and light-resistant. Also suitable as a gloss finish for decoupage designs.

11400 005 844 50 ml jar 4 007751 093462

11400 013 844 250 ml plastic bottle 4 007751 093486

11400 075 844 500 ml plastic pot 4 007751 093509

## CRACKLE MEDIUM

Clear, water-based medium for the crackle technique when using Marabu acrylic paints. Ideal for use with the serviette technique and decoupage in combination with Decormatt and Decorlack (excluding metallic shades). Apply the product to the dry, primed surface, e.g. with Decormatt. Dry with a hair dryer then quickly apply acrylic paint over the top. The crackle effect appears instantly.

11400 005 840 50 ml jar 4 007751 085238

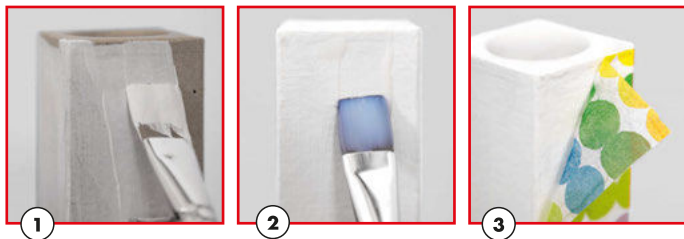

11400 013 840 250 ml plastic bottle 4 007751 087188

## DECOUPAGE & SERVIETTE GLUE PRO

Transparent, water-based glue. Ideal for glueing all decoupage products. Water-resistant.

11420 013 848 250 ml plastic pot 4 007751 164841

## INSTRUCTIONS FOR DECOUPAGE

1. Paint the item with Decormatt. Allow to dry completely.
2. Apply the Decoupage & Serviette Glue Pro on favoured spot.
3. Place the decoupage paper on the wet glue. Carefully brush Decoupage & Serviette varnish & glue matt or glossy from the centre of the design to the edges using a soft brush. Leave everything to dry.

### 11380 000 00100

Filling Decoupage & Serviette, Phototransfer, Varnishes 50/250 ml, 54 jars at 50 ml:

6 x Gloss varnish, 6 x Matt varnish, 6 x aqua gloss varnish, 6 x aqua matt varnish, 6 x aqua satin matt varnish, 6 x Decoupage & Serviette varnish and glue matt, 6 x Decoupage & Serviette varnish and glue gloss, 6 x Crackle Medium, 6 x Photo Transfer, transfer medium; 14 plastic bottles à 250 ml:

2 x aqua gloss varnish, 2 x aqua matt varnish, 2 x aqua satin matt varnish, 2 x Decoupage & Serviette varnish and glue matt, 2 x Marabu Decoupage & Serviette varnish and glue gloss, 2 x Crackle Medium, 2 x Photo Transfer medium

## PAPER PAD SKETCH

Sketch paper for universal use. 100 % cellulose, 90 g/m<sup>2</sup>, natural white. Acid free, light and age resistant. Glued at the top. 80 sheets. FSC™ certified paper.

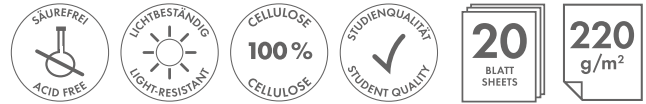

**16120 000 00044**  
21 x 29.7 cm,  
DIN A4

## PAPER PAD WATERCOLOUR

Watercolour painting paper. 100 % cellulose, 220 g/m<sup>2</sup>. Fine grained, matt, natural white. Acid free, light and age resistant. Glued on 4 sides. 20 sheets. Especially suitable for sketches and studies. FSC™ certified paper.

**16120 000 00024**  
24 x 32 cm

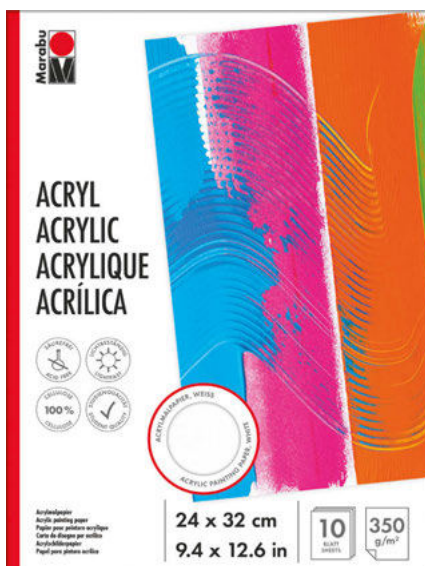

**16120 000 00023**  
30 x 40 cm

## PAPER PAD ACRYLIC

Acrylic painting paper, white. 100 % cellulose, 350 g/m<sup>2</sup>. Acid free, light and age resistant. Glued on 4 sides. 10 sheets. For all techniques of acrylic painting, gouache and craft paint. FSC™ certified paper.

**16120 000 00014**  
24 x 32 cm

**16120 000 00013**  
30 x 40 cm

## AQUA PAD GRAPHIX

Watercolour painting paper. 100 % cellulose, 220 g/m<sup>2</sup>. Fine grained, matt, natural white. Acid free, light and age resistant. Sized on 1 side. 20 sheets. Ideally suited for designs with Marabu Aqua Pens and other watercolour paints. FSC™ certified paper.

16120 000 00400  
21 x 29.7 cm,  
DIN A4

## ALCOHOL INK PAD

Special paper for alcohol-based inks. 280 g/m<sup>2</sup>. Matt coated, white. Tear-resistant, waterproof. Sized on 1 side. 12 sheets. Ideal for designs with Marabu Alcohol Ink. FSC™ certified paper.

16120 000 00450  
21 x 29.7 cm,  
DIN A4

## MARKER PAD GRAPHIX

Marker paper for alcohol-based markers. Integrated solvent barrier for brilliant colour rendering without the ink bleeding through. 100 % cellulose, 75 g/m<sup>2</sup>. Smooth, white. Acid free, light and age resistant. Sized on 1 side. 75 sheets. Ideal for working with the Marabu Sketch Markers and Marabu Permanent Markers. FSC™ certified paper.

16120 000 00500  
21 x 29.7 cm,  
DIN A4

## BLACK PAD 140

Black, matt special paper. 140 g/m<sup>2</sup>. Matt, uncoated, acid and carbon free. 100 % ECF pulp, biodegradable and recyclable. Sized on 1 side. 20 sheets. Suitable for almost all opaque acrylic markers, painters and liners. FSC™ certified paper.

16120 000 00500  
21 x 29.7 cm,  
DIN A4

## BLACK PAD 250

Black, matt special paper. 250 g/m<sup>2</sup>. Matt, uncoated, acid and carbon free. 100 % ECF pulp, biodegradable and recyclable. Sized on 1 side. 20 sheets. Suitable for almost all opaque acrylic markers, painters and liners. FSC™ certified paper.

16120 000 00501  
21 x 29.7 cm,  
DIN A4

## GREEN PAPER PAD NATURE MIX

Naturally coloured paper with a matt, tactile surface. 5 different paper colours included (4 sheets each): Almond, Kiwi, Grape, Citrus, Corn. 250 g/m<sup>2</sup>. DIN A4, glued on 1 side. 20 sheets. Paper contains at least 40 % recycled content. Contains residues from organic products. Acid and carbon free. Biodegradable, recyclable and FSC™ certified paper. Sustainably produced paper. For water-based alkyd/acrylic paints, painters, markers, liners and much more.

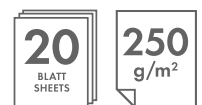

16120 000 00600  
21 x 29.7 cm,  
DIN A4

## GREEN PAPER PAD WHITE

Bright white paper. 250 g/m<sup>2</sup>. DIN A4, sized on 1 side. 20 sheets. Acid-free. 100 % recycled content. Sustainably produced paper. Biodegradable, recyclable and FSC™ certified. For water-based alkyd/acrylic paints, painters, markers, liners and much more.

16120 000 00601  
21 x 29.7 cm,  
DIN A4

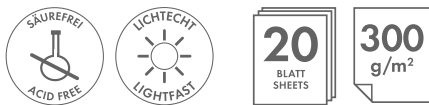

## PAINTING PAD MIXED MEDIA

Strong and resistant to light and ageing, the painting pad is the ideal substrate for all techniques. The matt, natural white colouring and fine grain of the paper ensure true-to-the-original colour reproduction and enable rich, even colour application. Smooth surface thanks to two-sided sizing. For watercolour, acrylic and collage techniques as well as sketching and mixed media. 20 sheets. FSC™ certified paper.

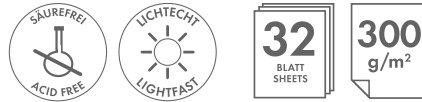

**16120 000 00074**  
24 x 32 cm

## RING BINDER MIXED MEDIA

The strong paper is perfect for techniques that involve a thick application of paint. The fine grain of the paper ensures that paint is applied evenly and the colours remain rich and strong thanks to the excellent light-fastness of the material. The high-quality ring binder provides you with space to design your page and flexibility in your choice of image and material. 32 sheets. FSC™ certified paper.

**16120 000 00200**  
14.8 x 21 cm,  
DIN A5

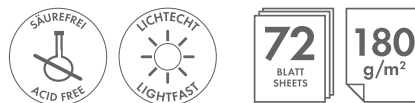

**16120 000 00202**  
21 x 29.7 cm,  
DIN A4

## ART JOURNAL

The matt, finely grained paper is perfect for all paints and techniques and the natural white, light-fast material wonderfully reproduces your original colours. High-quality workmanship with sewn binding and internal folding pocket. 72 sheets. FSC™ certified paper.

**16120 000 00100**  
14.8 x 21 cm,  
DIN A5

**16120 000 00101**  
21 x 29.7 cm,  
DIN A4

## FINO

High-quality brush made of special toray hair (synthetic) with different fibre thicknesses. Capillary effect comparable to natural bristles. Wide range for artists and hobby painters for acrylic, oil and water colour painting and painting on porcelain, silk, glass, etc. Brush handles are made of FSC™ certified wood.

## TIP

Tips for cleaning and care:

Rinse water-soluble paints from the brush.

Acrylic paints and other water-based paints should be rinsed off immediately after use while they are still wet.

Oil paints should first be wiped off thoroughly with a cloth and then cleaned with a solvent (turpentine). Then wash with natural soap to extend lifespan.

Ensure that no paint residue remains in the bristles and on the ferrule after cleaning.

Reshape the bristles after cleaning.

Leave the brushes to dry slowly, preferably hanging with the tip facing downwards.

Drying takes time. Never place brushes on a radiator and do not dry them with a hair dryer.

## DECORATION & HOBBY

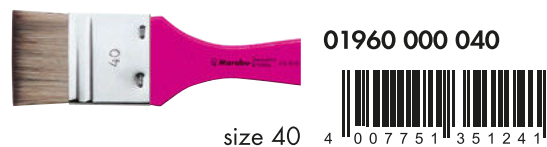

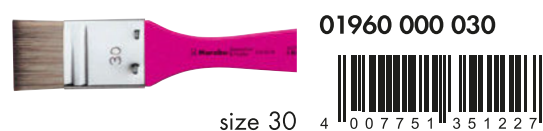

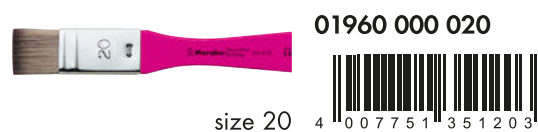

High-quality synthetic brush for even and smooth paint application. Especially suitable for primers and varnishes. The main feature of this brush is the high suitability for liquid and paste-like paints. Multi-purpose applications for e.g. glazes, acrylic paints, fabric paints, decoupage techniques, etc. Brush handles made of FSC™ certified wood.

brushes flat (size 8,  
12, 16), 2 synthetic  
hair brushes round  
(size 6, 10)

4 007751 963055

## LITTLE ARTIST BRUSH SET ARTIST JUNIOR

The bristle brushes are ideal for first attempts at painting. Thanks to the seamless silver-coloured aluminium ferrule and the robust natural hairs the brushes are very hard-wearing and durable. They are suitable for many painting techniques and a wide variety of colours such as LITTLE ARTIST painting and craft craft paint and finger paint. Brush handles made of FSC™ certified wood.

**03180 000 00005**  
Brush set ARTIST  
JUNIOR:  
4 bristle brushes flat  
(size 6, 8, 10, 14)

4 007751 965578

### LITTLE ARTIST PAINT ROLLER SET

Set with 3 paint rollers (1 x 25 mm, 2 x 75 mm) with and without a motif. Ideal for applying paint to large areas or creating impressive patterned effects. Produce wonderful backgrounds or even entire pictures. The rollers are easy to use and the ideal accessory for little artists.

**03180 000 00011**  
Paint roller set:  
3 paint roller  
(1 x 25 mm,  
2 x 75 mm)

### LITTLE ARTIST SPONGE STAMP SET

The 2 robust stippling brush and 4 painting sponge are ideal for stamping, stencilling and blotting shapes. Brush handles made of FSC™ certified wood. Easy to use, even for little artists.

**03180 000 00012**  
Sponge stamp set:  
4 x painting  
sponges,  
2 robust stippling  
brushes (20 mm,  
40 mm)

### LITTLE ARTIST ARTIST 'S MIXING PALETTE

The artist mixing palette is ideally suited for initial attempts at mixing almost any colours. 10 colour fields and 1 large mixing field, easy to clean with water.

**03180 000 00010**  
Artist mixing palette

## CRAFT SCISSORS

High-quality craft scissors made of stainless steel with printed blades. The rounded tips provide maximum safety. The soft grip handles ensure the safe use of the scissors and are ideal for children's hands. For cutting paper, cardboard, film, fabric, etc. Size: 13 cm.

- ✓ ideal for children's hands
- ✓ rounded tips

03180 000 00100  
Craft scissors

## WOOD GLUE

The water-based wood glue goes on white and dries to a transparent finish. Initially repositionable, strong bond after 30 minutes. Glues all common types of wood. Ensure the surface is dry and free from dust.

- ✓ dries transparent
- ✓ initially repositionable
- ✓ vegan

03150 050 00001  
Wood glue, 100 ml  
bottle

## CRAFT GLUE

The water-based craft glue is ideal for all common craft materials. Glues paper, cardboard, fabric, felt, cork, leather and polystyrene. Ensure the surface is dry and free from dust.

- ✓ initially repositionable
- ✓ vegan

03150 050 00002  
Craft glue, 100 ml  
bottle
