100010-SX246

Introducing this joyful seasonal collection by designer Jen Long!

Send winter wishes with this assortment of coordinating Thinlits® dies, Embossing Folders and Layered Stencils, perfect for creating throughout the season and are sure to become a staple of your Christmas craft stash year after year.

Choose whether to use the different technologies separately for more simple yet effective creations or really wow friends and family by combining together to add plenty of depth and interest to your seasonal makes!

I love designing for this magical time of year; there's just something special about making for the holiday season whether it's celebrating seasonal traditions or sharing Christmas cards to bring joy to others. This was a particularly fun collection to design as I wanted the Thinlits, Stencils and 3D Embossing Folders to all work together, giving the maximum amount of making versatility. Whether you stencil, cut, then emboss or mix and match techniques, there's an endless amount of creative potential to the product assortment to celebrate the season with.

About 49 and Market

Prior to starting 49 and Market, Janene Meyerowitz, owned an online scrapbooking business, thescrapbookdiaries.com. After several years of specializing in kits designed by globally recognized designers, it became increasingly difficult to find the look and types of products she was drawn to. As a result of this, 49 and Market was born. The brand has built its reputation as a premium paper crafting brand through offering high quality products and designs that are fresh yet offer a vintage vibe.

About Katie Pertiet

Katie Pertiet has been a graphic designer for over thirty years and found her passion in surface design with a love for all things vintage. She has been licensing her designs for nearly 20 years and designing for the scrapbook market for just as long. She began designing for 49 and Market when the company launched in 2016. Katie blends patterns, colors, textures and antique imagery to create something new and fresh that connects with the modern crafter. Watercolors have been her go-to medium since her design school days and currently a favorite in her crafting and design. She is thrilled to be designing for Sizzix and bringing her unique love of vintage and mixing in a water color approach for fresh design which are sure to become classics.

With a talented team of brand ambassadors, over 63k YouTube subscribers and over 30k followers on both Facebook and Instagram, her global following continues to flourish. It is this close connection to the consumer that fuels Catherine's passion to deliver new and exciting products into the creative industry and this new collection with Sizzix continues the exciting new adventure for her brand.

About Catherine Pooler

Catherine Pooler's journey with papercrafts began over 30 years ago, where she ventured from creating simple scrapbooks in high school to storytelling and creating scrapbook memories when her first daughter was born. After attending her first stamping party, her skills and love for papercrafting grew and she began teaching her very own classes at home. As the internet became more accessible, Catherine moved to teaching online and was astounded by the fact she could connect with people from all over the world. She launched her StampNation online community in January of 2011 as a place for crafters to share, learn and grow among kindred spirits.

Being surrounded by this creative community, allowed Catherine to learn more about makers; their journeys, passions and challenges. She wanted to support her community in being successful in their creative endeavors, which led her to launch her first Stamp of Approval collection in 2015. Each quarterly collection of products included her signature designs complete with background components, sentiments and dies, all thoughtfully curated to provide a full creative solution. Her success has continued over the years with growing product lines, including Catherine's signature ink range. Catherine's passion for creativity and connection with her audience has ensured that the wants, needs and desires of consumers' are always at the forefront of her high quality product releases. This is a shared value between both the Catherine Pooler and Sizzix brand, that will remain at the core of this exciting new partnership!

Approximate Design Size:

4" x 4" x 0.79"

10cm x 10cm x 2cm

The Sizzix™ Gotcha Stand is a dream come true for all lovers of die-cutting. With a sophisticated design to sit perfectly alongside other Sizzix tools, this new stand combines practicality with style. The front of the stand features a strong magnetic surface intended to hold wafer-thin metal dies securely in place. The entire surface area is magnetic allowing users to either manually place dies straight onto the surface or simply hold, hover and move around their crafting workspace to instantly scoop them up, meaning they'll never lose any of those small intricate dies again! They are then easily retrieved from the magnet for their next creative use.

- Modern, ergonomic design to fit snugly in the hand for easy attraction of dies.
- Full magnetic surface 10cm x 10cm/4" x 4" – able to hold multiple dies at once both around the perimeter and in the centre.
- Integrated stand places the magnetic surface at a 50° angle, making it easy to place and reach your dies.
- Stand folds back in for neat storage and secure positioning in the hand.
